All in all, the list is very useful! gta iv advanced hook.dll download This article shares information on how to download GTA IV Advanced Hook v1.0 DLL file if you don't have it already. It also details some limitations on using the v1.0 DLL file so read carefully! This article helps those who want to use this DLL file in a custom mod not sanctioned by Rockstar Games or for commercial purposes without permission from Rockstar Games . gta iv advanced hook.dll download It is important to note that you must not use this DLL file if you are not creating a mod since Rockstar Games owns everything GTA IV related. That also means modding with the DLL file is for non-commercial purposes ONLY. So modders, please follow the rules and do not distribute the DLL file or any mods created with this DLL file or they will be deleted by myself directly or by an administrator of this blog. I will also be checking IPs so if there are multiple violations I will ban IPs upon notice from Rockstar Games . Thank you for understanding and respecting this rule . GTA IV Advanced Hook v1. 0 DLL file can be downloaded by following the instructions below Instruction 1: Save the DLL file on your PC then Copy it to your GTAIVmods folder. Step 1: You may get the Advance Hook v1.0 DLL file from this post or download it directly from here where you must unzip it to obtain the .DLL file Step 2: Unzip the archive and winrar will start popping up. Do not worry! Just press Ctrl + Shift + A like shown in the image below (Skip this step if you already extracted these files): Next, go to "My Documents" where you should find some new files. Rename all these files to ".dat". The file named "FxData" should be renamed by removing the two dashes in the beginning. Step 4: After you have all the files renamed to ".dat", go to your "Grand Theft Auto IV\\pc\data" folder Step 5: Now, replace all .dat files in this folder with the files you renamed in step 4. Note that if a file is not there, it means Rockstar Games did not create a data for it. Simply do not replace it! Step 6: Go back to your My Documents folder and rename all .dat files back to their original name If you did everything correctly, GTA IV Advanced Hook v1. 0 DLL file should now be in place. Instruction 2: Save the DLL file on your PC then Copy it to your GTAIVmods folder. You can also get the advanced hook v 1.0 dll file directly from here where you must unzip it to obtain the .dll file . Step 1: Unzip the archive and winrar will start popping up. Do not worry! Just press Ctrl + Shift + A like shown in the image below (Skip this step if you already extracted these files): Next, go to "My Documents" where you should find some new files.
